Some commentators have argued that the philosophy of religion literature has paid insufficient attention to the fact that, in the first instance, religious experience is commonly experience of a material context, a building or landscape for example. And the phenomenology of the experience is therefore given, at least in significant part, in our ...

We will examine the complex, changing, and ever-present representations of heroes and villains in American film. Beginning with a foundational understanding of how heroes and, conversely, villains have been defined through classic Hollywood film, we will explore how these definitions have shifted throughout the 20th and 21st century in various narrative genres, including westerns, war films ...
