Our safe rule is based on constructing an augmented dual form that can be broken down into separable terms. The elastic net penalty is an extension of the lasso that has better stability and can identity groups of correlated important features, but unlike the lasso, the shape of the penalty varies along the solution path and this prevents the ...

Sociocultural anthropologists explore how people variously positioned within the world today live and understand the world, their aspirations and struggles, and how shared systems of ideas (i.e., culture) relate to the structured ways that people act and interact in society (i.e., power). Sociocultural anthropology attends to multiple voices and viewpoints, often through extended, in-depth ...

The subfield of Feminist Anthropology emerged as a reaction to a perceived androcentric bias within the discipline (Lamphere 1996: 488). Two related points should be made concerning this reaction. First of all, some of the prominent figures in early American anthropology (e.g. Margaret Mead and Ruth Benedict) were women, and the discipline has traditionally been more gender egalitarian than ...
