2.11. Action versus occurrence. An event signifies an occurrence, not an action. Phrased differently, it represents a notification from an algorithm and can be used to influence the future course of that algorithm (e.g., through invoking `preventDefault()`). Events must not be used as actions or initiators that cause some algorithm to start running. That is not what they are for.

Execution by firing squad, in the past sometimes called fusillading (from the French fusil, rifle), is a method of capital punishment, particularly common in the military and in times of war. Execution by shooting is a fairly old practice. Some reasons for its use are that firearms are usually readily available and a gunshot to a vital organ, such as the brain or heart, most often will kill ...

Capital punishment is a legal penalty in the U.S. state of California. As of March 2019, further executions are halted by an official moratorium ordered by Governor Gavin Newsom. Prior to the moratorium, executions were frozen by a federal court order since 2006, and the litigation resulting in the court order has been on hold since the promulgation of the moratorium.
