Peek-a-boo is a boxing style which received its common name for the defensive hands position, which are normally placed in front of the boxer's face, like in the baby's game of the same name.The technique is thought to offer extra protection to the face whilst making it easier to jab the opponent's face. The fighter holds their gloves close to their cheeks and pulls their arms tight against ...

The 'peek-a-boo' style involves a lot of stamina, constant movement, and the utilization of overwhelming power. On top of that, the boxer has his chin covered most of the time with this style, as his hands are always at the top, acting as a guard. The 'peek-a-boo' style helps a boxer close the distance and land a barrage of punches.
